

Spring Online Sale

Tuesday, March 26th, 2024

AMSONLINESALES.com

GENERAL SALE INFORMATION:

Sale will be held on March 26th, 2024 on AMSONlinesales.com and will be conducted in accordance within the rules and procedures of the sale site. Sale with end at 7pm CST with a racehorse style close.

All cattle will sell under the standard breeding guarantee as recommended by the American Shorthorn Association.

Animals will be provided a state approved health certificate prior to transportation across state lines. Please check with local and state laws for requirements.

Announcements and information on the sale site will take precedent over printed material in this catalog.

Cattle are available for viewing prior to sale day. Please coordinate with consignors to schedule a visit.

TRANSPORTATION:

Buyer is responsible for cattle pick up and transportation costs unless arrangements with consignor are made prior to sale. Shipping and costs of embryos/ semen lots are also responsibility of buyer. Live lots should be picked up within two weeks of sale day unless arrangements are made with the consignor. Consignor maintains the right to assess a \$20 per head per day fee after the two weeks has passed. If cattle are not picked up within 30 days after sale date, seller maintains the right to void the sale.

If you're looking for one ready to show, check her out! She was shown several times as a calf, excellent disposition, correct, and really easy feeding. Breed her to the bull of your choice later this spring, show her all summer, and add her to your cow herd. The GPN genetics speak for themselves, add in a little Red Angus influence and you have a great maternal package.

			<i>CEM</i> 6	<i>\$F</i> 54.18

Here is a nice female that has a bright future ahead of her. She is stout with great depth of body. She has the potential to be a great show heifer and the go on to be a productive cow. She is sired by a very powerful Naylor bull that I have used successfully on several different outcrosses. Her granddam 5N17 has produced high selling herd bulls, and her sire 8N20 is still successfully working in a herd in Northeast Missouri. Good numbers and \$indexes as a bonus!

Here's the chance to add a proven, no miss female to your herd. I purchased this female as a heifer calf in a previous state sale from Crestmead Farms to start my Shorthorn herd. Her first calf is still in production in our herd with another daughter in the replacement pen. She sells with a dark red February bull calf at side sired by our herdsire, Studer's Jackpot (a Fireball son) who has added pounds and production in our herd in his first calf crop. Horizon still has years of production left and will be a great addition to your herd.
